SOUTH RIDING

OF THE COUNTY OF

SIMCOE!

To George McManus, Wm. C. Little, Alex. Gaviller, John Armstrong, John Little, Thomas Deacon, Robert Murphy, William Cox, Septimus Tyrell, Isaac Roberts, George Honnold, John Henry, John Cooper, Wm. Arison, Robert Cross, Joseph McGarr, Esq., and other Electors of the South Riding of the County of Simcoe.

GENTLEMEN:

I am this day favored with your Application soliciting me to allow myself to be put in nomination for the Representation of the South Riding of the County of Simcoe. For the distinguished conduct that you do, allow me to tender you my sincere thanks.

In receiving your Application, I feel it my duty to state to you in reply, that I consider it necessary to give you my views on the various subjects at present agitating this province—namely:

1. Secession by Population?

2. Endowment of Separate Schools or Sectarian Colleges?

3. A new Bankrupt Law;

4. Union now subsisting between Upper and Lower Canada;

5. Federal Union of all the British American Provinces.

I will strenuously advocate at all times the great principle of Representation by Population, not as a means of oppressing, or in any way interfering with the feelings of other Canadians; but merely as a just and equal distribution of the Government of Upper Canada. I do not approve of the manner in which this matter has been approached by the Legislature just dissolved. I think the way in which it was introduced and discussed was quite sufficient to stifle it in the bud. I am sure that by a true and prudent course, this measure must be eventually granted.

I am opposed to Separate Schools, and will oppose every grant that may be attempted to pass the Legislature for the purpose of action them. I will do all in my power to oppose them, and the system bad, I believe that the sooner the easier it will be to bring about a union of the two provinces, and doing away with all the difficulties before that unity of all the colonies is secured the better.

I believe the day is fast approaching when the various difficulties to which the children belong, on the same ground I shall oppose all grants to sectarian Colleges.

I am in favor of a Bankrupt Law, which will give the honest debtor a chance to work with the smallest amount of costs, and at the same time gives every justice to the creditor. The want of such a measure is very injurious to the province, and I think it a stain on our independence that this is not one in force.

I am in favor of the Union now subsisting between Upper and Lower Canada. I believe such a substituted would be fairer to both sections of the province. I am not willing to make any new arrangements, but would rather those that are now in existence. The Union should be in favor of a Federal Union of all the British American provinces, believing it will be the means of forming up into a strong and powerful confederacy and one that will endure at all times to resist foreign aggression, and at the same time ensure that respect and attention—not only in the British States but in the Imperial Parliament, to which it is now entitled.

Having fully given my views on the several matters referred to, and stated them as fully as an address would permit, it is also my intention to go through the riding and explain them more fully if that will permit.

If I have the honor of becoming your representative, I will oppose the present or any administration that may be formed, that is not pledged to the welfare of the public treasury. My motto shall be—“Measures not men.”

Yours obedient servant,

ARTHUR ARMSTRONG.
